### PROFILE

I am a motivated professional who just completed Bioversity's Biotech Career Foundations certificate program. Over the past five years, I have honed my data analysis and problem-solving skills while thriving in fast-paced environments. I am eager to transition into an early-career role in biotechnology, leveraging my technical training, transferable skills, and passion for the field to contribute to lab operations and biomanufacturing teams.

### KEY TECHNICAL SKILLS & TRAINING

- Safe handling of hazardous materials
- Exposure to lab inventory management
- Strong understanding of chemical hygiene and lab safety protocols

### PROFESSIONAL & TRANSFERABLE SKILLS

- **Data Analysis:** Demonstrated ability to analyze complex data to draw actionable insights, create detailed data models, and optimize database structures using SQL.
- **Problem-Solving Ability:** Adept at breaking down complex issues into manageable components, generating potential solutions, and exploring creative approaches to drive project success.
- **Time Management:** Proven ability to prioritize tasks effectively, break down large projects into manageable components, and meet deadlines in high-pressure environments

### EDUCATION

#### Bioversity – Biotech Career Foundations

Certificate of Completion

March 2025

#### Cola Berry – School of Data Science Analytics

Microsoft Certified Professional SQL Developer

January 2018 - September 2018

Certificate in Data Analytics

#### Eritrea Institute of Technology

Associate Degree in Computer Science

June 2009 - May 2013

### EXPERIENCE

#### Rideshare Professional

Uber Technologies Inc., MA

March 2017 – Present

- Delivered exceptional customer service by ensuring a safe, comfortable, and pleasant ride experience for passengers, maintaining high ratings and positive feedback.
- Developed strong interpersonal skills, adapting to diverse passenger needs and effectively managing time to ensure punctuality and satisfaction.

#### Data Analyst

Spectrum Telecom Company, MA |

January 2019 – February 2020

- Analyzed core sales data to identify trends and demographics, enabling the company to tailor products and services to meet consumer demand.
- Leveraged SQL to optimize complex queries and improve database performance, ensuring timely and efficient data processing for business needs.

#### Electrical Housing Installation

Segen Construction Company, Eritrea

February 2006 – March 2010

- Installed electrical systems in residential housing, ensuring compliance with industry standards and project specifications.
- Maintained high-quality workmanship while meeting deadlines and adhering to safety regulations.
