PROFILE

Currently enrolled in the Bioversity Biotechnology Manufacturing Certificate Program, I am seeking to transition into the field of life sciences. Coming from a background of science, I have completed coursework at Bunker Hill Community College in pursuit of an Associate degree in Cybersecurity. I have a deep passion for science and hands-on work and I am looking forward to advancing my career in the life sciences sector.

Relevant Technical

- **Following standard procedures:** Ensuring the safety of oneself and others
- **Teamwork:** The ability to work well with others
- **Problem-solving:** Finding solutions to a problem through careful thought and action

Professional and Transferable Skills

- **Communication:** Leverage team resources to reach out and share issues to lead to fast solutions.
- **Approachability:** My open communication style opens doors to new opportunities.
- **Intellectually Curious:** Consistently ask questions to better understand my role within a company/group.

EDUCATION

Bioversity – Biotech Career Foundations   June 2025
Certificate of Completion
Bunker Hill Community College   2022 – Current
Completing coursework towards degree in Cybersecurity
