

Corporate Partner Program

\$10,000.

That's what it costs Bioversity to launch a Massachusetts resident from unemployment or a low-wage job into a \$56,000+ role and a career path in life sciences through our free, stipend supported 8-week certificate training program.

We rely on corporate partners, grants, and foundations to sustain this work.

Your investment allows us to train more students, place more graduates into life-changing careers, and create economic mobility for Massachusetts families.

Join our Corporate Partner Program to transform lives while strengthening the talent pipeline that powers our life sciences community.

EVENT SPONSORSHIP

"Celebrate Bioversity"

June 16th - 5:30 pm to 8:00 pm

Southline Boston

Sponsorship of Bioversity's flagship fundraising event supports our mission of connecting underrepresented and low-income adults with the training they need to launch a new career in the life sciences. At this year's event, we will also celebrate the graduation of the first three training classes of 2026.
